Declaration Confirming Canadian Small Entity Entitlement

I/We hereby confirm and declare that I/we do verily believe that in accordance with Section 3.01(3) of the Canadian Patent Rules, I/we am/are entitled to pay fees at the small entity level in respect of the above-noted case. In particular, I/we do verily believe that as of the National Entry date *the applicant complying with National Entry requirements* in Canada properly qualified as a Canadian small entity as defined as follows:

"small entity" in respect of an invention, means an entity that employs **50** or fewer employees or that is a university, but does not include an entity that

(a) is controlled directly or indirectly by an entity, other than a university, that employs more than 50 employees; or

(b) has transferred or licensed or has an obligation, other than a contingent obligation, to transfer or license any right in the invention to an entity, other than a university, that employs more than 50 employees.

I/We acknowledge that I/we have been advised against claiming the Canadian Small Entity Fee Reduction as: (a) the incorrect payment of small entity fees may result in a loss of rights in respect of this application, and (b) the statutory provisions relating to a "small entity" in Canada have not been fully judicially considered, nor defined.
